Re: Nine Mile System

Dear Mr. Wimmer:

It has been reported that you are diverting water from Argyle Creek without a water right. It is also noted that your diversion was closed by your area engineer for the Price Area and the water user representative, and that you reopened your diversion and are again diverting water. You are directed to close your diversion immediately, and to cease diverting any water immediately.

This decision is subject to the provisions of Section 73-3-14, Utah Code Annotated, 1953, which provides for plenary review by the filing of a civil action in the appropriate district court within sixty days from the date hereof.

If you have any questions concerning this order, contact your area engineer, Mark Page, 70 West Main, Price, Utah 84501, or this office.

Yours very truly,

  
Dee C. Hansen  
State Engineer
